Standard Refill:
Floating Ball® 1.0 mm. All
Prodir pens are refillable.

ENG

DNA
The standard version consists of 4 modules (e.g. A + B + C + D) in any material, finish and colour. The modules can be placed on the pen as desired.

DNA tailor-made (PZZ)
Create your tailor-made DNA using from between 2 and 12 different modules, in any material, finish and colour (e.g. A + B + B). The modules can be placed on the pen as desired.

A - module
The pattern and Soft Touch pattern modules cannot be personalised.
The matt and Soft Touch modules can be personalised on the right and back sides, regardless of their position on the pen. The front can only be personalised if the module is adjacent to the nose cone.

B - module
The wooden module cannot be personalized.
The metal module can be personalized with laser engraving regardless of its position on the pen.
The polished module can be personalized on the right and back sides, regardless of its position on the pen. The front cannot be personalized.

C - module
The pattern and Soft Touch pattern modules cannot be personalized.
The matt and Soft Touch modules can be personalized on the right and back sides, regardless of their position on the pen. The front cannot be personalized.

D - module
This module cannot be personalized.

wooden modules
The colours of the wooden modules are purely indicative. Colour may vary due to the nature of the material and the unique grain of each piece.

DEU

DNA
Die Standardversion besteht aus vier Modulen (z.B. A + B + C + D) aus verschiedenen Materialen, Ausführungen und Farben. Die Module können beliebig auf dem Kugelschreiber positioniert werden.

DNA tailor-made (PZZ)
Sie können Ihre Massgeschneiderte DNA mit 2 bis zu 12 Modulen, aus verschiedenen Materialen, Ausführungen und Farben erstellen (z.B. A+B+B). Die Module können beliebig auf dem Kugelschreiber positioniert werden.

Modul A
Die Pattern und Pattern-Soft Touch Module sind nicht bedruckbar.
Die matten und Soft Touch Module sind, unabhängig von der Position, auf der rechten Seite und Hinterseite bedruckbar.
Die Vorderseite ist nur dann bedruckbar, wenn das Modul neben der Spitze positioniert ist.

Modul B
Das Holzmodul ist nicht personalisierbar.
Das Metallmodul kann, unabhängig von der Position, mit einer Lasergravur personalisiert werden.
Das polierte Modul kann auf der rechten Seite und auf der Hinterseite, unabhängig von der Position, personalisiert werden. Die Vorderseite ist nicht personalisierbar.

Modul C
Die Pattern und Pattern-Soft Touch Module sind nicht bedruckbar.
Die matten und Soft Touch Module sind, unabhängig von der Position, auf der rechten Seite und Hinterseite bedruckbar.
Die Vorderseite ist nicht bedruckbar.

Modul D
Dieses Modul ist nicht personalisierbar.

Holzmodule
Die abgebildeten Farben des Holzes sind rein indikativ. Angesichts der Einzigartigkeit des Materials und dessen Maserung könnte jedes Stück eine eigene Farbnuance haben.

FRA

DNA
La version standard est composée de 4 modules (A+B+C+D) de matériaux, finitions et couleurs différents. Les modules peuvent être placés librement.

DNA tailor-made (PZZ)
Vous pouvez créer votre DNA sur mesure en utilisant 2 à 12 modules différents, en choisissant le matériau, la finition et la couleur (par ex. A+B+B). Les modules peuvent être placés librement sur le stylo.

Module A
Les pattern modules et les pattern modules Soft Touch ne sont pas imprimables.
Les modules mats et Soft Touch sont imprimables sur la droite et sur les côtés quelle que soit la position sur le stylo.
L'avant est imprimable que si le module est adjacent au embout.

Module B
Le module en bois n'est pas personnalisable.
Le module en métal est personnalisable en gravure laser quelle que soit la position sur le stylo.
Le module poli est imprimable sur le côté droit et à l'arrière, quelle que soit la position sur le stylo. L'avant est non imprimable.

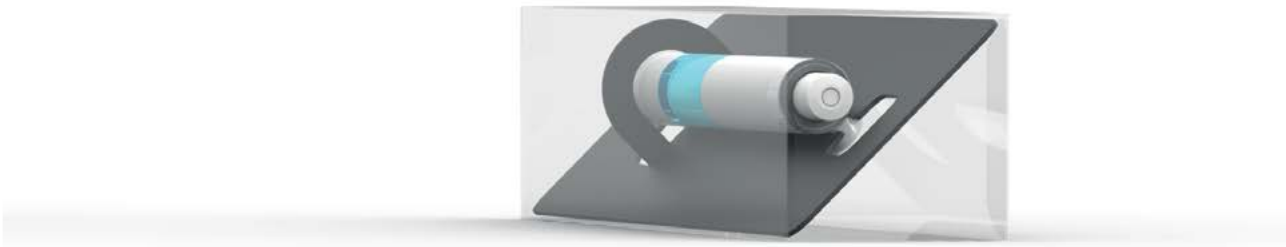
Module C
Les pattern modules et les pattern modules Soft Touch ne sont pas imprimables.
Les module mats et Soft Touch sont imprimables sur le côté droit et à l'arrière, quelle que soit la position sur le stylo.
L'avant est non imprimable.

Module D
Ce module est non imprimable.

Modules bois
Les couleurs des modules bois sont purement indicatives. Du au matériau et à la nature unique des nervures du bois, chaque pièce peut avoir sa couleur propre.

Small Box

The packaging for the new DNA is a detail that will not go unnoticed. A Small Box, made to measure, transparent and minimal in order to emphasise the personality of the object contained within and provide a glimpse of the chosen combination. Recyclable PET & Polypropylene. Not printable. Contains one DNA.



Kleine Box
Die Verpackung des neuen DNA ist ein Detail, das nicht unbemerkt bleiben wird. Eine kleine Box, durchsichtig und minimal in ihrer Erscheinung, die die Persönlichkeit des darin enthaltenen Objekts betont und einen ersten Blick auf die gewählte Kombination ermöglicht.

Recyclingfähiges PET & Polypropylen.
Nicht bedruckbar.
Enthält ein DNA Schreibgerät.

Petit coffret
L'emballage du nouveau DNA est un détail qui ne passe pas inaperçu. Un petit coffret sur mesure, transparente et minimaliste, qui met en valeur la personnalité de l'objet contenu et donne un aperçu de la combinaison choisie.

PET recyclable et polypropylène.
Non imprimable.
Contient un DNA.

Small Box
El estuche del nuevo DNA es un detalle original que no pasará desapercibido. Una Small Box a medida — transparente y minimalista — diseñada para resaltar la personalidad del objeto que alberga dejando entrever la combinación elegida.

PET reciclable y polipropileno.
No imprimible.
Contiene un DNA.

Small Box
La confezione della nuova DNA è un dettaglio che non passa inosservato. Uno Small Box disegnato su misura, trasparente ed essenziale, che esalta la personalità dell'oggetto che contiene e lascia intravedere la composizione scelta.

PET riciclabile e polipropilene.
Non stampabile.
Contiene una DNA.

Небольшой чехол
Чехол для новой ручки DNA – это деталь, которая не останется незамеченной. Небольшой чехол, выполненный по индивидуальному заказу. Отличается прозрачностью и минимализмом в дизайне, призван подчеркнуть индивидуальность находящегося внутри предмета и создать мимолетное представление о выбранном для его изготовления сочетании.

ПЭТ-материал и полипропилен поддаются вторичной переработке. Печатные узоры отсутствуют. Предназначен для
